Jongress Accepts El Paso Offer; Part of Festival; To Open Office.

The luternational Irrigation congress—the second unit in the big 1215 fall festival of valleys and plains—has been assured to El Paso.

R. F. Bursys, president of the congress, has received a message from L. A. Narca, second vice president of the congress, stating that he is authorized to accept the offer of El Paso to enteriain the Irrigation congress here next full and that a formal letter of acceptance will be forwarded at once by the heard of governors from Fresno, Calif.

Having secured the Dry Farming ourress and Soil Products exposition during the present week, the hamber of commerce has now made easible the greatest festival evereld in the southwest to celebrate the ormal opening of the Elephant Butte roject. To Invite President.

But one more step remains for the chamber to take and that is to secure president Wilson's acceptance of the invitation for him to be present at the opening of the dam and to press the switch which will throw the project open after its final completion. The chamber of cammerce is now working through close friends of the president to have him accept the invitation and a movement has already been started to call the dam the Wilson dam in honor of the president.

The open offices Here.

The message received by Mr. Burges stating that El Paso has been named at the meeting place for the congress also announced that secretary Arthur H. Hocker would come here about December 1, to establish his offices in the chamber of commerce building and arrange for the publicity campaign which will bring the irrigationists from all parts of the west to the congress. The Dry Farming congress will also open offices here within a mouth to start another publicity campaign to bring the dry farmers and especially the northwestern and Canadian farmers here for the Dry Farming congress and Soil Products exposition.

## Political Announcements.

Alderste will be a candidate for district it subject to the action of the county maries in July.
